**U.S. Probation Office and Keep Charleston Beautiful
Clean Up the West Ashley Greenway and Bikeway**

Charleston, SC. Keep Charleston Beautiful and the U.S. Probation Office held their sixth annual West Ashley Greenway and West Ashley Bikeway cleanup on October 26-29. Approximately 9 clients and 5 staff members from the U.S. Probation Department worked a combined total of 250 hours to clean up the areas. The City of Charleston Parks Department provided dump trucks and garbage collection and Keep Charleston Beautiful coordinated the cleanup and provided supplies.

This year 4,300 pounds of litter and debris was collected, and over the past six years a total of 35,020 pounds of litter and debris has been collected.

The litter collected during the event ranged from the usual food wrappers, cans, and bottles to large tractor trailer tires and old bikes. The work completed by the U.S. Probation Department is of great assistance for City crews as they maintain the trails throughout the year.
